Southeastern Minnesota Synod Global Mission/Companion Synod Committee Interest Form

The Global Mission/Companion Synod Committee typically meets bi-monthly or six times per year. The committee consists of nine members. A synod staff person and the bishop are advisory members. There is a chairperson and secretary. Terms are three years and a member can renew their term once. Because our synod's investment in our Global and Companion relationships has grown, the committee structure has evolved to create task areas for which members will assume responsibility. This will mean that committee members can assume there will be some time / meeting commitments beyond the regular meetings.
